

CLINICAL POSTING FORMAT FOR 2ND PROFESSIONAL MBBS STUDENTS

DEPARTMENT OF COMMUNITY MEDICINE

Name of student -

Roll No of Students -

Date of Visit -

Time of vaccination	Name of vaccines	Diseases prevented	Dose and Route of administration	Site of vaccine administration
During Pregnancy	TT-1/Td-1			
	TT-2/Td-2		0.5 ml IM	Just above the rout of Deltoid, upper arm
	TT/Td booster if required			
At birth	1	Tuberculosis		
	2	Polio ()		
	3	Viral hepatitis		
At 6 weeks	OPV- 1			
	Pentavalent			
	Rotavirus			
	IPV			
	Pneumococcal Conjugate vaccine			
At 10 weeks		Polio		
		Diphtheria, partusis, tetani, haemophilus influenzae, hepatitis B borne diseases		

		Diarrhoea		
		Polio ()		
At 14 weeks	OPV- 1			
	Pentavalent			
	Rotavirus			
	IPV			
	Pneumococcal Conjugate vaccine			
9 completed months – 12 months				
		Measles , Rubella		
16-24 months	DPT booster -1			
	MR 2 nd Dose			
	OPV Booster			
	JE-2			
?	Vitamin A			
5-6 years				
10-16 years				

1. Most heat sensitive vaccines (kept in lowest level in the basket of ILR) :-

2. Fridge sensitive vaccines:-

3. Light sensitive vaccines :-

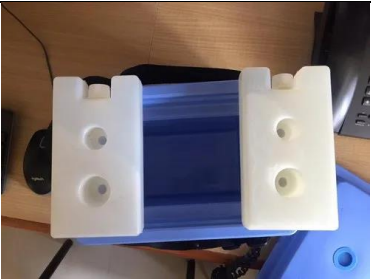

4. Why shake test is done?

5. What is VVM & how it is used?

6. What is full form of AEFI? – What is most common vaccine reaction seen in infants?

7. Write down names of Electrical Cold Chain Equipments used for maintaining cold chain in JGMCH.

	Identify the object	Name of the object	Give brief description + answer the questions
--	---------------------	--------------------	-----------------------------------------------

			<ol style="list-style-type: none">1. Temperature maintained inside this.
			<ol style="list-style-type: none">2. How to use it inside the vaccine carrier.
		<ol style="list-style-type: none">1. Temperature maintained inside this -	<ol style="list-style-type: none">3. What is "Hold over time" of cold chain equipment and why it is important?

		<ol style="list-style-type: none"> 1. What is the mark labelled on the vials? 	<ol style="list-style-type: none"> 4. When to discard a vial according to its colour change?
		<ol style="list-style-type: none"> 1. What is the rout of administration? 2. What vaccine is being given? 	<ol style="list-style-type: none"> 2. In case of improper technique, what complications may arise?
		<ol style="list-style-type: none"> 1. 1st dose 2. Dosages after 1st dose 	<ol style="list-style-type: none"> 1. Which babies are at high risks for vit A deficiency? 2. Clinical manifestations of vit A deficiency
