

Rural Health Training Centre

1. Full name of RHTC –
2. Type of hospital –
3. Population it serves -
4. Services provided by the hospital –
 - a. OPD
 1. Average daily patient load –
 2. Common communicable diseases treated in this RH -
 - 1) Water borne –
 - 2) Airborne –
 - 3) Mosquito-born –
 - 4) Parasites –
 - 5) Common communicable skin infections –
 3. Common non communicable diseases –
 - 1) _____
 - 2) _____
 - 3) _____
 - 4) _____
 - 5) _____
 - 6) _____
 4. Common diseases of children, treated in the OPD –
 - 1) _____
 - 2) _____
 - 3) _____
 - 4) _____
 - 5) _____
 - 6) _____
 5. Common health issues of pregnant ladies, attending the OPD
 - 1) _____
 - 2) _____
 - 3) _____
 - 4) _____
 6. Other types health issues presenting in the OPD
 - 1) _____
 - 2) _____ -
 - 3) _____

- 4) _____
- 5) _____
- 6) _____
- 7) _____

b. IPD

1. Common communicable diseases causing hospital admission in this RH

- 1) _____
- 2) _____
- 3) _____
- 4) _____
- 5) _____
- 6) _____
- 7) _____
- 8) _____
- 9) _____
- 10) _____

2. Common non-communicable diseases causing hospital admission in the RH

- 1) _____
- 2) _____
- 3) _____
- 4) _____
- 5) _____
- 6) _____
- 7) _____
- 8) _____
- 9) _____
- 10) _____

3. Other causes of hospital admission –

- 1) _____
- 2) _____
- 3) _____
- 4) _____
- 5) _____
- 6) _____
- 7) _____
- 8) _____

9) _____

10) _____

4. Common causes of hospital admission of children –

1) _____

2) _____

3) _____

4) _____

5) _____

6) _____

7) _____

8) _____

9) _____

10) _____

5. Common causes of referral of adult patients to higher centres

1) _____

2) _____

3) _____

4) _____

5) _____

6. Common causes of referral of paediatric patients to higher centres

1) _____

2) _____

3) _____

4) _____

5) _____

7. Common causes of referral of pregnant ladies to higher centres

1) _____

2) _____

3) _____

4) _____

5) _____

c. Emergency –

1. Common causes of hospital admission of adults through emergency

1) _____

2) _____

3) _____

4) _____

5) _____

g. Laboratory –

1. Biochemical tests done –

2. Microbiological tests done –

(write the name of test along with the name of disease)

h. ANC clinic – (Write down the services provided in ANC clinic)

i. ANWESHA clinic – (Write down the services provided in ANWESHA clinic)

j. X-ray – (write down names of at-least 5 common diseases/health problems for which chest Xray is an important diagnostic tool)
